

Hotsy Rolls Out New "All-Electric" Hot-Water Pressure Washer

Hotsy
4275 N.W. Pacific Rim Blvd.
Camas, WA, 98607, USA

Hotsy, the leader in industrial pressure washers since 1970, has introduced the new HWE series all-electric hot-water pressure washers. The HWE series features the only models in the Hotsy line that run entirely on electricity. Water is heated in a stainless steel coil, submerged in a tank of water solution for instant hot water when you plug it in – no noise and no fumes, making it ideal for industrial cleaning indoors.

All models of the HWE series are compact, and can fit in a closet or any out of the way location. The Auto Start function allows the unit to be turned on with the pull of the trigger for convenient remote operation.

The Hotsy HWE produces cleaning power ranging from 2000 to 3000 PSI of water pressure. As with all of Hotsy industrial-grade pressure washers, these models come standard with the reliable Hotsy triplex belt-drive high-pressure pump that comes with an industry-leading 7-year warranty.

Models are powered by an industrial-strength engine with thermal overload protection. All feature a 3/4-inch Schedule 80 heating coil with stainless steel skin and 5-year warranty.

Other features include:

- Heavy-duty upper and lower cabinet made of 10 gauge steel protected by an epoxy powder coat finish;
- 3.46 to 3.9 Gallons Per Minute of volume;

- Easy-to-attach detergent injector for easy soap application;

- ETL certification to UL-1776 safety standards;

- Insulated, fatigue-free trigger gun with stainless steel, dual-lance variable pressure wand make for easy cleaning and adjusting the pressure while washing.

For over 35 years, Hotsy has been providing cleaning solutions to the oil, mining, transportation, agriculture, manufacturing and automotive industries. Hotsy manufactures hot and cold-water pressure washers, automatic parts washers, biodegradable detergents that have changed the cleaning habits of thousands of businesses throughout the world. For more information, call 1-800-525-1976 or visit our website at www.hotsy.com
